PetGroomer.com's Planner to Outfit a Grooming Business

Groomer's Daily Shopping Planner

Instructions:

If you are already in business you can use this Planner to organize daily, weekly or monthly shopping to restock your business. You can also use this form to plan shopping sprees at upcoming trade shows. If you are starting or expanding a commercial, mobile or home-based grooming business we have separate "lists" specifically designed for that purpose at no charge. See www.petgroomershop.com to download.

Data Entry

It's easy to use the Excel® version of our Planners to calculate your total spending. The "cells" of the spreadsheet are color-coded. You only enter text or numbers in the blue-shaded cells on the following pages, *no exceptions*. You do not have to fill-in all of the cells. Columns are labeled describing what data to enter and examples of completed fields are shown below. Because you are using Excel® it will calculate your spending totals based on your data entry. There is no need to enter any formulas, just data. You may enter dollars AND cents, but all entries will be rounded to the nearest dollar.

Every time you enter data into the blue-shaded cells the Summary page is updated. Subtotals for each category of expenditures are transposed to the Summary page and a special graph illustration is continuously updated whenever you enter data. We suggest you save your work often. Make back-up copies. To use the Excel version you will need a computer with the Microsoft® Excel program, or compatible such as the free Open Office (www.openoffice.org). This version has been tested to work with Mac systems running MS Excel®, but compatibility is not guaranteed.
